

PUBLIC NOTICE:

The water and sewer rate increase that passed on May 21, 2024 is on this bill for July water usage.

The City of Rawlins Water and Sewer Funds must have enough money to fund infrastructure, equipment, and staff. If not, we cannot provide reliable water, wastewater, or stormwater systems.

The City of Rawlins Council reviewed Water and Sewer Rate Studies at Council Meetings on January 30th (work session), April 2nd (work session), and May 21st (regular meeting). These studies present in-depth information about the current state of water and sewer funds, infrastructure, and expenses and revenues. These studies, as well as other information, can be viewed at www.rawlinswy.gov/feestudy. Call Community Relations at 307-328-4500 ext. 1022 or stop by City Hall for printed copies of the studies.

Our water and sewer services are enterprise funds. This means they are required to be self-funded through fees and are separate from the General Fund. They operate like businesses instead of being funded by taxes. If there is not enough money from fees for infrastructure updates, necessary equipment, and sufficient staffing, our service quality suffers and infrastructure is not maintained properly.

Sample bills before and after rate increase

Home with 3/4" meter that uses 5,000 gallons of water monthly		
	Current	New
Water Base	\$29.48	\$53.06
Water Usage	\$17.40	\$23.15
Sewer	\$15.00	\$25.50
Sewer Usage	-	-
Landfill	\$12.00	\$12.00
Recycling	\$6.00	\$6.00
Total	\$79.88	\$119.71

Business with 1" meter that uses 50,000 gallons of water monthly		
	Current	New
Water Base	\$32.96	\$59.33
Water Usage	\$174.00	\$231.50
Sewer	\$15.00	\$25.50
Sewer Usage	\$138.00	\$234.60
Landfill	\$12.00	\$12.00
Recycling	\$6.00	\$6.00
Total	\$377.96	\$568.93

Water Base and Water Usage are shown together on the Utility Bill, not as separate lines.
