

Help Shape the Future of Rawlins! Join us at these upcoming community events

The City of Rawlins is **inviting you** to get **involved and provide input** in an exciting effort to **revitalize** underused and potentially hazardous properties through the **EPA Brownfields Program**.

This three-year initiative focuses on improving our community in areas like the I-80 Corridor, South Side neighborhood, and more. By identifying and assessing vacant or abandoned buildings, the project will lay the groundwork for future redevelopment opportunities that support **local housing, entrepreneurship, and economic growth**.

Public Engagement Events

- *Music in the Park - Thursday, July 17th*
- *The Depot (East Room) - Friday, July 18th*

We want to hear from you! Help identify areas in need, share your ideas for reuse, and learn how this grant can support Rawlins' future.

To learn more visit www.rawlinswy.gov/brownfields or contact Sonia Gamblin at (307) 328-4500

Why it Matters:

These funds **don't** pay for construction but provide critical support for **environmental assessments, cleanup planning, and community-driven redevelopment strategies**. Your input ensures the project reflects local priorities and sets the stage for meaningful transformation.

Let's work together to create a safer, stronger, and more vibrant Rawlins.
